Allowable Subject Matter

1. Claims 1-43 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach a controller module unit having a printed circuit board, a plurality of controller modules, and an alignment frame mounted on the printed circuit board. Wherein the alignment frame having guide shells define a first dimension, and at least one guide wall extending vertically upward from the shell to define a second dimension for preventing the second type connector entering into receptor bay.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

3. New corrected formal drawings are required in this application. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
